

# YEAR 1 TERM 2 OVERVIEW

## ENGLISH

Speaking and Listening - Students will develop the skills to deliver an oral presentation.

Reading - Students will continue to develop their phonemic awareness and phonic knowledge, sight word recognition and will independently read via [wushka.com.au](http://wushka.com.au)

Writing - Students will compose information and imaginative texts.

## MATHS

Students will continue to build on their number sense and understanding of the 'counting on' strategy which has been a focus so far in mathematics this year. The program will also cover the following topics: - Whole number (place value) - Chance - Data - 2D shapes - Area - Volume - Mass - Fractions

## SCIENCE

Changes in the Sky and Land - Students will investigate observable changes that occur in the sky and on the land. They will describe the Sun's path in the sky and the appearance of the Moon and stars at night. Students will observe and record seasonal and daily weather changes

## HSIE

Present and Past Family Life - Part 2 - This topic examines how the present, past and future are signified by terms indicating time such as 'a long time ago', 'then and now', 'now and then', 'old and new', 'tomorrow', as well as by dates and changes that may have personal significance, such as birthdays, celebrations and seasons.

## RELIGION

Values: The Law of Love - In this unit students will learn about the Ten Commandments as signs of God's love.

Ways of Praying - In this unit students will be invited to deepen their relationship with God through prayer.

## CREATIVE ARTS

Drama - Students will learn how to express themselves, through the form of storytelling. They will be experimenting with the skills of acting, as well as the expectations placed upon them as an audience.

## PDHPE

Personal Development/Health - How can we be inclusive and respectful? How can I be responsible for my own, and others' health, safety and wellbeing? How can I act to help make my environments healthy, safe and active?
